

# Setting up Your Google 2FA from a Tablet or Cell.

Wolf Creek security guide

Security reminder: Stop when a request feels unusual or urgent. Verify it using a trusted method and contact Technology Services if you are unsure.

## STEP 1 Open account security

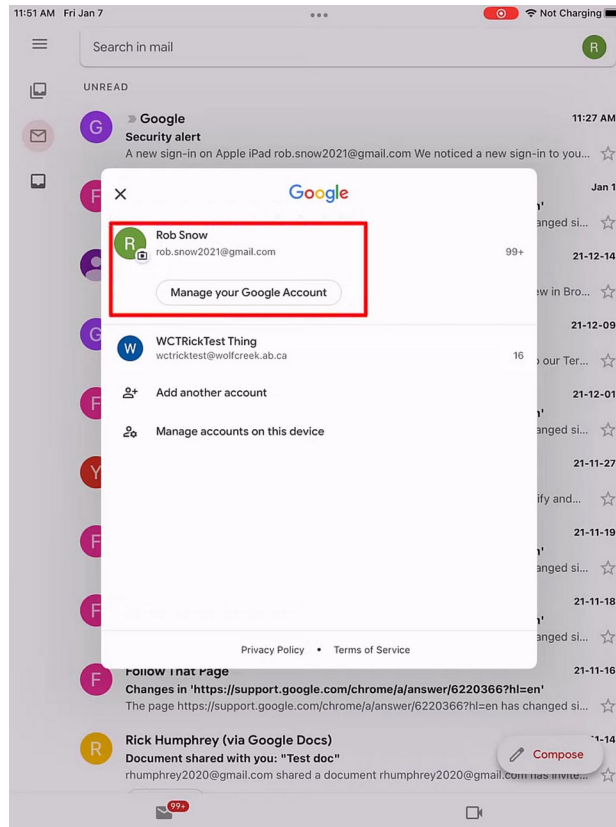

On the phone or tablet, open your Google Account and select Security.

*Video reference: Open account security.*

## STEP 2 Open two-step verification

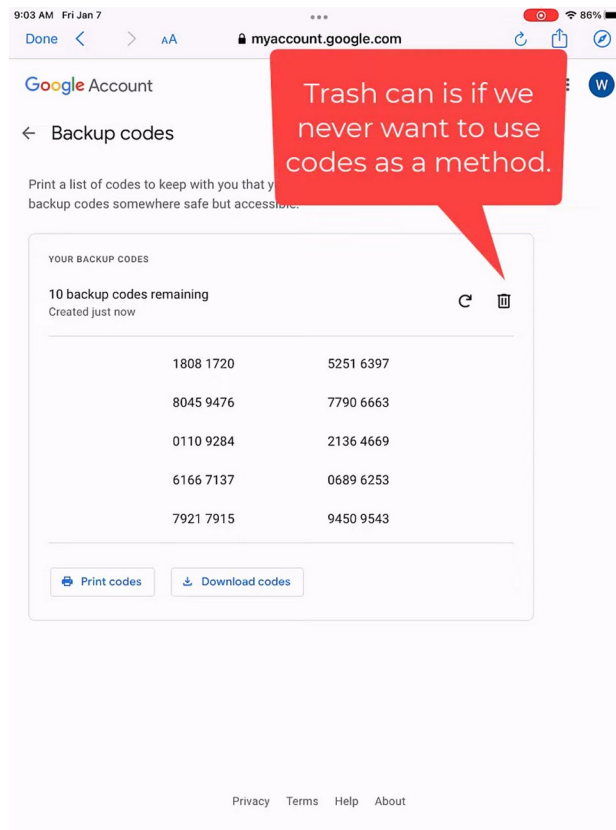

Select 2-Step Verification and confirm your password if requested.

*Video reference: Open two-step verification.*

### STEP 3 Choose a verification method

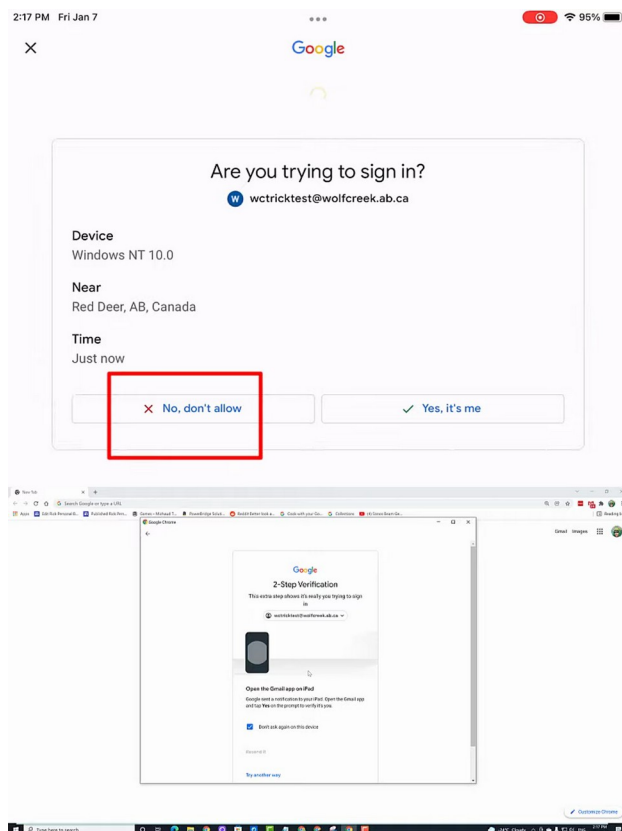

Set up an approved phone prompt, authenticator, security key, or other method shown for your account.

*Video reference: Choose a verification method.*

## STEP 4 Add backup access

Configure a second approved method and test sign-in before replacing or erasing the device.

*Video reference: Add backup access.*

## Need help?

If you are unsure whether a message, sign-in, extension, or request is safe, stop and submit a Technology Services work order at <https://wcps.freshdesk.com/>.
